Allowable Subject Matter

Claim 1-30 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1-19 recite "obtaining a set of spectral data for a mixture, the set of spectral data defining a mixture data space and wherein said spectral data are obtained at a spatial resolution sufficient to resolve non-uniformities in said mixture". This feature, in combination with the remaining claimed structure avoids the prior art of record.

Claims 21-30 recite "said spectral data being obtained at a spatial resolution sufficient to resolve non-uniformities in said mixture". This feature, in combination with the remaining claimed structure avoids the prior art of record.

The prior art of record does not disclose spectral data which resolves non-uniformities in a mixture.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Cherry whose telephone number is (571) 272-2272. The examiner can normally be reached on M-F 8:00-4:30.
